• Introduction:

The NST-266S3 enclosure is one enclosure that will stand tall in performance. It is design to be very fast when linked to your SSD or HDD using the latest UASP protocol for Windows 8 to shuttle data around in high speed. This NexStar follow the tradition of using the latest Aluminum Casing designs to protect the SSD or Hard Drive and effectively draws the heat away from the drive. Couple it with USB 3.0 technology to give you an establish interface that is widely available with unsurpassed performance. The light weight and small form factor goes very well everywhere you go. This NST-266S3 enclosure offers good design, speed and portability.

• Specifications:

Model:	NST-266S3-SV
Device Support:	SATA I/II/III SSD or Hard Drive
Device Size:	2.5" (7mm to 9.5mm thick SSD/HDD)
Internal Interface:	Standard SATA
External Interface:	USB 3.0 (Backwards Compatible With USB 2.0 & 1.1)
HD Capacity:	Up to 1.5TB* *Check our website www.vantecusa.com for any updates
Material:	Aluminum/Plastic
Dimension:	120 x 77 x 15.5 mm

• System Requirement

- > Microsoft Windows Vista / 7 / 8
- > Mac OS X 10.6 or Higher
- > USB 3 or 2.0 or 1.1 Equipped System
- > For USB 3.0 Speeds, the System Must Support USB 3.0 Specifications

• Package Contents

2.5" NexStar 6G Enclosure, USB 3.0 cable, Installation Guide, and Installation Screws
